

Use this as a layout guide for assembling the floral applique medallion. The extra lines indicate overlapped motifs. Only half of the image is shown on each page in order to make it printable to an 8-1/2" x 11" sheet of paper. Print both pages and match up to create the full image.

Add the triangular basket to the bottom of the floral motif. Its top should be centered with the stem, and overlap the stem bottom to meet the short horizontal line you see at that bottom edge.
